

Eastern Mountain Sports Connecticut Rivers Council 2010 Council Jamboree

June 4, 5, 6, 2010

Hebron Fair Grounds — Hebron, CT

Come and join us for a three day encampment as we celebrate the 100th anniversary of scouting. Units should plan on putting on a scout related demonstration in your campsite during the day for other scouts, leaders or one of the many visitors to enjoy. This Scout Show type of demonstration will be one of the many highlights of the Event. Walk through the "Journey of History" as re-enactors from the French and Indian War to Dessert Storm show their artifacts. Try the physical challenges of the CT National Guard and the US Marines obstacle courses. Try climbing the US Army climbing wall or the US Navy Challenge. Speaking of Climbing did you know that Eastern Mountain Sports has a first class climbing school. Stop by their huge display or attend one of their clinics. They will also have a climbing wall on hand. Are the shooting sports your game? Visit the BB gun range, archery lane or sling shot shoot. The US Sportsman Alliance Group will be on hand sporting all their outdoor programs. Visit our nature area where you can touch a star fish, play with a crab or even see a tree frog. Oh yea.....this is a 100th Anniversary Event. Stop by "Silver Bay", the first scout camp held in the US. See where it all started. See a big history lesson in our scout memorabilia show. See items from 1910 to 2010. We currently have over seventy five exhibitors scheduled. *This will be the "Biggest Scouting Event" most scouts and leaders will ever see.*
